PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Federal's Growth Very Satisfactory

More than four hundred thousand dollars were paid out to 5,536 savings account holders by Everglades Federal Savings and Loan Association, according to Executive Vice President Richard A. Poston. He said the payments were made as of June 30 and at a 4 1/2 per cent interest rate. The exact amount of the payments was \$411,832.03.

Assets are listed by the Association at \$22,147,856.44 as of the report date of June 30, Mr. Poston said. The Association is the county's oldest Federal Savings and Loan Association and was the first in the South to pay a dividend of 4 1/2 per cent.

The home office is in Belle Glade and the newly built and opened branch in Pahokee has added to the fast growing business section of Pahokee. The Association was established in 1933. Mr. Poston said that 483 new accounts have been added since the first of the present year.

Officers for the Association are: Robert E. Mathews, Jr., President; Richard A. Poston, Executive Vice President and Manager; H. E. McGold, Vice President; L. L. Cranford, Vice President; Roger T. Jones, Vice President; Helen V. Morris, Vice President and Secretary; Mary Lou McDonnell, Treasurer.

Directors are: William B. Rhodes Chairman, Robert E. Mathews, Jr., Claude L. Shirley, James A. Ball, Jr., Robert D. Apelgren A. E. Kirchman, W. R. Hooker.

Sakser Is Given Confidence Vote

Sakser said he took his "second job" to supplement his county pay check and did so with the full permission of a previous commission.

The salary, he said, does not come from the county share of gross parking lot receipts paid for the concession by the Airport Parking Co.

Chairman Bandlow said his prime interest in the matter was that if Sakser had time to manage the parking operation for a private company, maybe the county should take over the project and let the Airport Director run it for the county.

The commission voted unanimously for a motion by Commissioner Paul Rardin giving Sakser a vote of confidence.

Barge Canal Gets Cash From State

TALLAHASSEE — The State Cabinet has approved a \$1.2 million loan to speed up purchase of right of way for construction of the Cross-Florida Barge Canal.

The Cabinet trustees of the Internal Improvement Fund authorized Attorney General James Kynes to proceed with the loan and give the state a mortgage on \$1.5 million in Marion County lands owned by the Canal Authority but not needed for the canal project. The loan will be repaid from millage levied in counties along the canal route.

Hatton Hiway New Name Ramie Road

County Commissioners this week approved changing the name of Ramie Road in the Glades to Hatton Hiway. The highway connects Corners Highway east of Canal Point with Airport Road east of Belle Glade.

Request that the road be renamed was made by Commissioner Paul Rardin, Canal Point, who said the Hatton family — particularly Ray Hatton — had been most instrumental in securing right of way for extending the highway to its present 7 1/2 mile length.

Park Area Planned On Islands In Lake

Belle Glade Chamber of Commerce has issued a semi-annual report that will be of interest to Glades Residents. Highlighting the report was the fact that Torry and Kraemer Islands will be made into recreational spots. Parts of the interesting report follow:

"Our project for the development of Kraemer and Torry Islands (approximately 2000 acres) and the south dike of Lake Okechobee into a park and recreation area has taken a big step forward. With the help of State agencies, the Central and Southern Florida Flood Control District, the Commissioners of the Port of Palm Beach, Rep. Emmett Roberts, Mayor Williams and our City Government, and interested and influential citizens.

"The project has been started and will be achieved in gradual steps over the next several years. We compliment these same people for the improvements to the Marina and Port of Belle Glade which are currently taking place.

"Signs on highways leading to our city will soon be seen. The new Belle Glade brochure is about to go to print. We hope to meet in the next month with South Bay businessmen to enlist their support in local projects. The building of a Palm Beach County Welcome Station on U. S. 27 is being explored."

Our chairman of the "Clean up Belle Glade Committee" is working with the city government prior to launching this campaign. A new city map has been produced and new Chamber stationery printed. In addition the usual business of the Chamber of Commerce continues at an accelerated pace.

Sugar Quota Meet Scheduled Aug. 7

The U. S. Department of Agriculture announced that a public hearing regarding allotment to processors of the 1964 sugar quota for the mainland cane sugar area will be held Aug. 7, beginning at 9 a. m. (local time) in the Monteleone Hotel, New Orleans, La.

Purpose of the hearing is to receive evidence which will enable the Secretary of Agriculture to establish allotments which would make fair, efficient and equitable distribution of the 1964 quota for the area.

U. S. Department of Agriculture officials said that such processor allotments may be necessary to carry out the provisions of Section 205 of the Act, which require the Secretary to allot the quota whenever necessary to avoid marketings of sugar in excess of the quota, to prevent disorderly marketings, and to provide processors an equitable opportunity to market sugar within the quota for the area.

Summer Program Is Nearing End

Next week is the last week of the Palm Beach County Board of Public Instruction Summer Enrichment program at the Canal Point School. With an enrollment of 129 children the school has been carrying on a variety of programs, in the game program a recent sack race for different ages found these children to be the winners, Norman Armons, Dennis Wortham, Murrell Perry, Joe Carr, Lori Wortham and Kenny Hayes.

There have been 15 names entered in the Amateur Athletic Union of the United States which is a physical fitness program with 10 more names to be added in the next few days. At this time the children are busily engaged in putting the finishing touches on coasters, bags and bird pictures made of crushed marbles.

The smaller children will be taking home paper plates decorated with macaroni shells. Mrs. E. H. Walston has been transporting children to the Pahokee swimming pool for swimming lessons, a task made easier by Bob Apelgren who loaned her a large truck, making it possible for all 35 children to arrive at the pool at the same time.

Pahokee Lions To Sponsor Soft Ball

At the July 14 meeting of the Pahokee Lions Club, members voted to put a team in the slow pitch softball league in Belle Glade sponsored by the Belle Glade Jaycees. Albert Gamot was appointed to represent the league.

Rev. John Briley introduced David Cunningham who presented several musical selections accompanied by Miss Dottie Lair at the piano.

Bob Adams of the Clewiston Lions Club was welcomed as a guest. The club discussed several projects and agreed to present these projects at the next board meeting for discussion.

General Revenue Fund Is Higher

TALLAHASSEE — State Comptroller Ray Green says the new and expanded taxes passed by the 1963 Legislature produced more than \$471 million for the general revenue fund during fiscal years 1963 and 1964. This amount was 20.7 per cent higher than the previous fiscal period.

The sales and use tax produced the greatest amount of general revenue. This source produced more than \$100,000 above the estimate, Green said. Fourteen other revenue producing taxes also topped the estimate.

Miss Pennington Wins Capital Trip

Penny Pennington, who has been a member of the Pahokee 4-H Club for the past four years and also a junior leader for three years, won a trip to the National 4-H Citizenship Short Course in Washington, D. C. August 1-8. Penny has just recently moved to Clewiston but will work with Palm Beach County 4-H Club.

Penny was chosen first on her speech in the girls division.

County Will Appeal Big Lake Chopping

A recent circuit court decision which upheld a legislative act cutting up Lake Okechobee between five counties, will be appealed by Palm Beach County. The commission challenged the legislative act which was upheld and this week voted to appeal the case to the next higher court.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

A number of items concerning its tenants at Palm Beach International Airport drew the attention this week of the county commission.

After calling for bids for air conditioning two buildings at the base, in an effort to provide facilities for prospective tenants, the board found that one of the tenants—Molecular Research, Inc.—was apparently showing little interest in completing lease arrangements.

The second tenant—Precision Scientific—gave its approval to the air conditioning contract and other conditions and said it was ready to start operation at the base. Airport Director Frank Sakser said he had tried without result,

to contact Molecular Research representatives in connection with the lease. He recommended that the county terminate negotiations with the company since it apparently had no immediate interest in renting space.

The commission decided to approve the air conditioning contract for Precision Scientific and to complete general repairs to the building so the company can start operating.

In another action the board approved leasing an airport building

to Tufts Private School of Lake Worth.

The board also instructed Sakser to request the Federal Aviation Agency to place money in the FAA current budget for construction of a new traffic control tower at the base.

Meantime, the board learned, that the present tower is being repaired at the cost of about \$1,000.

County Airport Director Frank Sakser was given a vote of confidence by the county commission this week as the result of a newspaper article.

The article quoted Chairman Edward Bandlow as saying that Sakser's dual position as Airport Director and manager of the privately operated airport parking lot as a "conflict of interest."

In Florida... at a picnic, beer is a natural

When you're relaxing at your favorite outdoor beauty spot with friends or family, and your thirst is whetted by fresh air and exercise—that's the ideal time for a cool, refreshing glass of beer. In fact, you can name your recreation—swimming, hiking, or just watching TV—and chances are nothing in the world fits it quite as well as beer.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Florida...beer goes with fun, with relaxation,

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

World's Fair Gets Governor's Presence

TALLAHASSEE — Gov. Farris Bryant flew unexpectedly to New York recently for conferences set up in an effort to revitalize the Florida World's Fair exhibit.

Gov. Bryant was joined by Wendell Jarrard, Florida Development Commission chairman; Roger Stark, Development Commission director; and Florida World's Fair executive committee members Dick Pope of Cypress Gardens, McGregor Smith of Florida Power and Light Co. and Don Shoemaker of The Miami Herald.

Bryant met with Robert Moses, president of the World's Fair Corporation in an effort to get Moses to live up to commitments to make the Florida exhibit more accessible to the visiting public.

Topics under discussion were a moving sidewalk that would take fair-goers into the Florida area without a long walk, and the removal of a fence that forces visitors coming into the huge parking lot to walk more than a mile to get to the Florida exhibit.

The 3.5-acre site of the Florida Pavilion is off from the main part of the fair and is not easily accessible to fair goers.

The Florida porpoises, trained to perform at the Florida exhibit at the Miami Seaquarium, were supposed to underwrite the operating costs of the entire Sunshine State pavilion, but crowds have been disappointing at the entire fair until now and admissions to the porpoise show are not coming up to expectations.

Now that summer's here, the kids are home for lunch — and you need to keep plenty of George-rich milk on hand to meet the increased demand during these active, growing months to come. Give them plenty of refreshing, body-building milk. And have some yourself — just for the health of it.
